PRESS RELEASE

PARIS CLUB AGREES ON THE PRINCIPLE OF AN EARLY REPAYMENT OF ITS DEBT OFFERED BY GABON

Paris Club creditors accepted the principle of a buyback by Gabon of its debt at market value. According to Paris Club rules, each creditor country may decide to participate or not in this early repayment operation. Several creditors have already announced their intention to participate in this operation.

The face value of Gabon’s Paris Club debt amounts to around US$ 2.334 billion as of 1st July 2007. For creditors willing to participate, the early repayment will take place between 2 December 2007 and 30 January 2008, after the conclusion of bilateral implementation agreements.

This early repayment operation is part of the policy of reforms initiated by the Government of the Gabonese Republic. This policy also recently led to the conclusion of a stand-by arrangement with the International Monetary Fund. It will allow Gabon to reduce its exposure to potential external shocks.
