

AMOUNTS DUE TO PARIS CLUB CREDITOR COUNTRIES
BY FOREIGN SOVEREIGN AND OTHER PUBLIC DEBTORS
AS OF 31 DECEMBER 2010

The table below aggregates the amounts due to the Paris Club from sovereign and other public debtors as of 31 December 2010.

These claims are held either by the Paris Club member States directly, or through their appropriate institutions (especially export credit or official development aid agencies) on behalf of the member States.

The table contains comprehensive data that cover the full range of claims held by Paris Club members on any sovereign countries and public entities. It therefore encompasses very different categories of debtors, around half of which have always fully serviced their debt due to Paris Club members. Eighty-eight of the debtor countries listed in the table have negotiated an agreement with the Paris Club at some time in the past. Most of the countries listed below are very unlikely to apply for debt relief in the future given their current macroeconomic prospects.

The stock of claims is aggregated at a debtor country level. Official Development Assistance (ODA) claims and non-Official Development Assistance claims are indicated separately.

Some amounts on which Paris Club creditors decided to provide debt relief may still appear in this table for technical reasons, especially delays in the signing of bilateral agreements implementing Paris Club agreements, in particular claims on countries eligible for the Heavily Indebted Poor Countries (HIPC) initiative that reached their completion point in 2010 (such as the Islamic Republic of Afghanistan, the Republic of the Congo, the Republic of Liberia, the Democratic Republic of the Congo or the Togolese Republic).

Paris Club's claims as of 31 December 2010, excluding late interest (in USD million) - Outstanding Debt

Disclaimer:

Although every effort has been made to ensure the accuracy of the information it contains, this table does not constitute a document of record.

In particular, some of the claims have not been reconciled with debtor countries. In addition, the amounts indicated do not include late interest due to Paris Club creditors by debtor countries in partial or full default of payment. The non publication of the amounts of late interest does not bring into question the existence and validity of these late interest amounts and the fact that they have to be paid. The table also does not include certain older, pre-1945 sovereign debts.

Sovereign bilateral loans granted in the context of exceptional financial support and coordinated by the IMF are not reported in this table.

A significant part of the claims held by Paris Club members are denominated in currencies other than the US dollar. The amounts in the table are therefore subject to fluctuations of exchange rates.

This table is provided for informative purpose only. It is updated annually.

The Paris Club shall not be liable for the use and interpretation of the information provided in this table.
