

PRESS RELEASE

THE PARIS CLUB RELEASES COMPREHENSIVE DATA

ON ITS CLAIMS AS OF 31 DECEMBER 2011

Since 2008, the Paris Club has published on an annual basis the amount of its claims on foreign countries.

These claims are held either by the Paris Club member States directly, or through their appropriate institutions (especially export credit or official development aid agencies) on behalf of the member States.

The table contains comprehensive data that cover the full range of claims held by Paris Club members on any sovereign countries and public entities. It therefore encompasses very different categories of debtors, around half of which have always fully serviced their debt due to Paris Club members. Eighty-eight of the debtor countries listed in the table have negotiated an agreement with the Paris Club at some time in the past. Most of the countries listed below are very unlikely to apply for debt relief in the future given their current macroeconomic prospects.

[The table published on the Paris Club website](#) shows the total amount of claims as of 31 December 2011 held by Paris Club members on each debtor country, with a split between Official Development Assistance (ODA) claims and non-Official Development Assistance claims. The stock of claims is aggregated at a debtor country level.

The total of Paris Club claims, excluding late interest, amounts to USD 414.3 billion, of which USD 206 billion represents ODA claims and USD 208.3 billion represents non-Official Development Assistance claims.

Some amounts on which Paris Club creditors decided to provide debt relief may still appear in this table for technical reasons, especially delays in the signing of bilateral agreements implementing Paris Club agreements, in particular claims on countries eligible for the Heavily Indebted Poor Countries (HIPC) initiative that were granted a Paris Club treatment in 2011 (such as the Republic of Côte d'Ivoire or the Republic of Guinea-Bissau).

Paris Club's claims as of 31 December 2011, excluding late interest (in USD million) - Outstanding Debt

ODA: Official Development Assistance

NODA: Non-Official Development Assistance

Disclaimer:

Although every effort has been made to ensure the accuracy of the information it contains, this table does not constitute a document of record.

In particular, some of the claims have not been reconciled with debtor countries. In addition, the amounts indicated do not include late interest due to Paris Club creditors by debtor countries in partial or full default of payment. The non publication of the amounts of late interest does not bring into question the existence and validity of these late interest amounts and the fact that they have to be paid. The table also does not include certain older, pre-1945 sovereign debts.

A significant part of the claims held by Paris Club members are denominated in currencies other than the US dollar. The amounts in the table are therefore subject to fluctuations of exchange rates.

This table is provided for informative purpose only. It is updated annually.

The Paris Club shall not be liable for the use and interpretation of the information provided in this table.
