

**AMOUNTS DUE TO PARIS CLUB CREDITOR COUNTRIES**  
**BY FOREIGN SOVEREIGN AND OTHER PUBLIC DEBTORS**  
**AS OF 1<sup>ST</sup> SEPTEMBER 2008**

The table below aggregates the amounts due to the Paris Club from sovereign and other public debtors as of 1<sup>st</sup> September 2008.

These claims are held either by the Paris Club member States directly, or through their appropriate institutions (especially export credit or official development aid agencies) on behalf of the member States.

The table contains comprehensive data that cover the full range of claims held by Paris Club members on any sovereign countries and public entities. It therefore encompasses very different categories of debtors, around half of which have always fully serviced their debt due to Paris Club members. Only 85 of the debtor countries listed in the table have already negotiated an agreement with the Paris Club. A significant part of the countries listed below are very unlikely to apply for debt relief in the future given their current macroeconomic prospects.

The stock of claims is aggregated at a debtor country level. Official Development Assistance (ODA) claims and non-Official Development Assistance claims are indicated separately.

The total of Paris Club claims, excluding late interest, amounts to USD 330.2 billion, of which USD 172.5 billion of ODA claims and USD 157.7 billion of non-ODA claims.

Paris Club's claims as of 1<sup>st</sup> September 2008 (in USD million)

Disclaimer:

Although every effort has been made to ensure the accuracy of the information it contains, this table does not constitute a document of record.

In particular, some of the claims have not been reconciled with debtor countries.

In addition to that, the amounts indicated do not include late interest due to Paris Club creditors by debtor countries in partial or full default of payment. The non publication of the amounts of late interest does not bring into question the existence and validity of these late interest amounts and the fact that they have to be paid. The table also does not include certain older, pre-1945 sovereign debts.

A significant part of the claims held by Paris Club members are denominated in currencies other than the US dollar. The amounts in the table are therefore subject to fluctuations of exchange rates.

This table is provided for informative purpose only. It is updated yearly.

The Paris Club shall not be liable for the use and interpretation of the information provided in this table.
